7"/18cm deep

Live fast, sleep slow. A bed for playing, for dreaming, for living. Made bespoke, for the everyday. The Savvy. A bed for real life.

Your Nº5 will come with a twenty-year guarantee and is built to last a lifetime. It is made with 100% natural materials, and never any plastics, latex, or memory foams. This reduces waste, landfill, and emissions – keeping your carbon sleep-print light.

The mood-calming natural materials makes this a lullaby in bed form, from the sumptuous layers of soft, moisture wicking and temperature-regulating wool, to the natural bouncy, supportive horsehair layer, to the breathable cotton. Sleep is nature's balm, and this bed is powered by nature.

To create the ultimate foundation for self-care, each Nº5 is handcrafted to order in our Wales bedworks. The pine and ply frame is nailed and glued, never stapled. The 7.5 turn springs of the box frame and the mattress are wrapped in calico pockets to maintain your ideal level of support. Your bespoke headboard is upholstered in your choice of luxury fabric. The layers of wool, needled cotton, and hair are painstakingly arranged, before everything is hand finished, sewn, and tufted to perfection. We put this much care into your bed because we know it will care for you back.
