Nº3 Bed Specification  
2020-21

# The N°3

The Superior

Nearly two weeks of skilled handcrafting and acres of the finest natural materials make our soft and sumptuous N°3 bed. Each one is carefully made to order in Wales using the traditional craftsmanship and materials for which we are famous.

Sink into a topper of long, loose, hand-teased horse tail wrapped in soft wool and our trademark Trellis ticking. Like all our toppers it is filled, to slightly raise your feet, boosting circulation, and with its quality of sleep.

The deep mattress of the N°3 is lavishly filled with the finest natural materials such as loose tail hair, a hair pad and layers of cotton and wool. This provides support and comfort as well as heat regulation and moisture control.

The ideal durable, supportive and comfortable foundation for sleep, the N°3 box spring is crafted from Grade 1 pine, hourglass springs and horse tail. It holds your weight, allowing the mattress and topper to provide support and comfort.

No topper, mattress or box spring is considered complete until the maker is completely satisfied with every last detail. Only then do they sign on the label.

## HW TOPPER

Core of long, loose, hand-teased horse tail

Soft wool outer layer

Natural case made up in our trademark Trellis ticking

## MATTRESS
