# The N°4<sup>v</sup>

## The Reformer

‘Uniting time-honoured craft with ingredients harvested from nature,  
The Reformer is our vegan wonder bed.’

The N°4v is handmade from the finest natural ingredients with no synthetic fillings and free-from animal products. Certified vegan by The Vegan Society, the N°4v box spring, mattress and topper combine to create a bed that is the ultimate in plant-based comfort.

The CFv topper features a sumptuous core of organic GOTS certified GM free cotton and flax, with an outer layer of super-soft bamboo and viscose.

The tall, nested pocket springs within the N°4v mattress are wrapped in a layer of natural Tampico fibres. Organic cotton and flax, bamboo and viscose are then layered on top to create a deep mattress.

The large hour-glass springs within the N°4v box spring are topped with both Tampico fibres and organic cotton and flax to create a supportive foundation for your mattress.

The Vegan Society certified N°4v is created at Savoir Wales Bedworks and, like all our beds, each one is fashioned on a trestle table by one master craftsperson whose hands take it from inception to completion.
