N°2

The Icon

‘First made in 1905, the Savoir N°2 is the original, iconic Savoy bed.’

Commissioned for the Savoy hotel in 1905, slept on by such luminaries as Winston Churchill, Giacomo Puccini, and Marilyn Monroe, and handcrafted in London to this day. Taking over 80 hours to complete, the N°2 is a masterclass in craftsmanship, comfort, and style.

Created to complement the original Savoy bed, our HW topper adds the essential final layer of comfort to your bed. As you sink into its softness, your feet will be slightly elevated, improving circulation, and therefore, quality sleep.

Our most famous mattress, the N°2 marries natural materials with exceptional handcrafted details. The result is sublime comfort that’s been enjoyed by the great and the good for over 100 years. Every night feels like a night at The Savoy.

The N°2 deep box spring is crafted from pine, hourglass springs, and horse tail. It holds your weight, allowing the mattress and topper to provide support and luxurious comfort.

Only when the craftsperson is satisfied with every element of you topper, mattress and box spring do they sign their name on the label.
