## The Superior

'Undeniably luxurious, the Savoir N°3 bed offers exceptional support and comfort.'

Nearly two weeks of skilled handcrafting and masses of the finest natural materials make our soft and sumptuous N°3 bed. Each one is carefully made to order in Wales using the traditional craftsmanship and materials for which we are famous.

Sink into a topper of long, loose, hand-teased horse tail wrapped in soft wool and our trademark Trellis ticking. Like all our mattress toppers it is filled to slightly raise your feet, boosting circulation, and with it quality of sleep.

The deep sumptuous mattress of the N°3 is lavishly filled with fine natural materials such as loose tail hair, a hair pad and layers of cotton and wool. This provides support and comfort as well as heat regulation and moisture control.

The ideal durable, supportive and comfortable foundation for sleep, the N°3 box spring is crafted from Grade 1 pine, hourglass springs and loose tail hair. It holds your weight, allowing the mattress and topper to provide quality support and comfort.
