EXTRAORDINARY BEDS

Nº4 Bed Specification
2024

N°4

The New Standard

‘Originally created for top hotels, the Savoir N°4 bed promises a five-star experience in your own home.’

A masterpiece of longevity and comfort, our N°4 was created following demand from some of the world’s best hotels. Taking over 50 hours of considered handcraft, each bed is created to your specifications in our bedworks in Wales. There’s no such thing as a basic model at Savoir. We’re setting new standards for luxury sleep.

The luxurious CW topper is specifically designed so you awake feeling relaxed and renewed. Providing an added layer of indulgence to your bed, it is comprised of a core of soft loose cotton wrapped in swathes of thick wool.

The N°4’s deep mattress is filled with superior quality wool, a hair pad and needled cotton, layered above and below tall, nested pocket springs. The result is perfect support, and a rejuvenating night’s sleep.

The box spring provides the perfect foundation for your N°4 bed, supporting your weight and ensuring the mattress has give and independent movement. A bed of both luxury and longevity.
